Matted/Plastic-Wrapped Prints

All of my "roadside" subjects are available in a 9" x 12" off-white, museum-quality mat with a bold French line around the opening. You may, however, request a red, blue, wine, green, black or yellow mat (I strongly recommend white mat if you're amassing a collection). Each print is titled, geographically-identified, and signed by the artist. Shipping is included in the \$25.00 price. These can be ordered by using this form and mailing it to me with your payment.

I will also discuss framing alternatives should you wish.
